

**THE
GOOD**

**THE
BAD**

**AND THE
UGLY**

Take all notes, like lets you
use them on quizzes!!

take notes: "pay attention,
sit up front!"

Take good notes and stay organized.

Make sure that you study hard

Learn stoichiometry really really really well.

Take notes on all the powerpoints.

Take notes and do
your homework.

Do
and
Keep
all
the
Notes!

Just do your f*cking work
Stupid!

Well... be like me of
course. Too fly, fine,
and dope. Aye!

Be a Gen like we get an A' in
Chemistry!

Make a really good zombie plan.

Always do your work
Never Quit

There's no secret to chemistry class.

~~Get out as soon as possible. Ha.~~

Use the goggles for the labs.

Take good notes, God help you.

If you need help, then ask.

Bring a calculator, his calculators suck.

Do the notes, or soon perish.

Scream, run, and jump out window.

Over loves Machinery, also false notes!

pay attention to everything! It helps
A lot.

Drink

lots

of

Dr. Pepper

young

children.

Listen, study, and have fun!

You will all fail this class

When zombies attack, Have
a plan! ☺

it is awful! RUN away now!

It's like zombies they bite... really

Chemistry Does NOT SUCK
It Pulls.

Proclivity to have languishing grades diplorabile.

Do not be dumb kid ... yeah

Yo yo yo yo yo chemistry

Dance like hamsters, sing like walrus

Play presidents during class, good idea

Be friends with the smart kids

You're an idiot, accept the truth

Find

4

key

ways

5

his

to

6

soul

What does this mean?

Dear hopeLESS child, drop this class!

Chemistry is easyish,
if your listening.

Pay attention, watch out for zombies!

Expect a lot of Freaking
A Month.

Pay attention everytime you are **HERE!**

Don't sleep, it won't help you.

Just Have fun! on your time. 5/11/11
